

Dear Pastor and Church,

February 19, 2008

Urgent Request!!!

I pray all is well and that you are experiencing the blessings of God in your families and ministry. As you know from past letters we have mentioned our need to build a second floor on our current building. We also shared that the cost of this project would be \$38,000. It has been such a blessing to see many of you sacrificially giving to help make this dream a reality. God has been so good and we have had about \$5,200 come in as of this month.

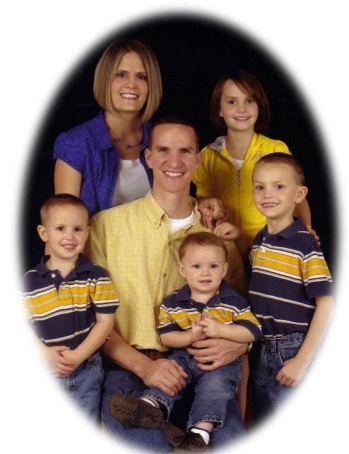

The problem we have run into is we are literally "busting at the seams". We have moved from simply experiencing growing pains to desperately needing more room. We met this week with the leadership of our church and an architect to discuss alternatives. What we discovered was very exciting! We found that our property line extends much further than we had originally been told when we purchased the building. This would enable us to extend the current structure rather than putting on a second floor. We had the architect draw up some plans and we were shocked at the results. We will be able to add on to our current structure, literally tripling our space, for less than half the price of what the second floor would cost us. The entire construction will cost \$16,500 and can be done in one and a half months! We already have \$5,200 so that leaves us to raise \$11,300. Right now materials are priced as low as they have been for a long time, but this will not last. In September materials are expected to skyrocket. By faith we contracted this work out and believe that God will provide. The construction company has offered to give us three months from the end of construction, interest free, to pay the remaining \$11,300. Could you help us make this a reality? Anything that you could do would be a huge help! These are the kinds of problems that make ministry a blessing! We can't wait to report to you of even more growth and salvations that abound to your account. God is working miracles here in Nicaragua! We're just trying to hang and on enjoy the ride!

May God bless you for your love and service for Him.

Together with you for Christ,

The Kratochvils
